

## Urban Surfaces Molding Options

We go the extra mile to provide you every style of molding (shown below) in any Sound-Tec color.

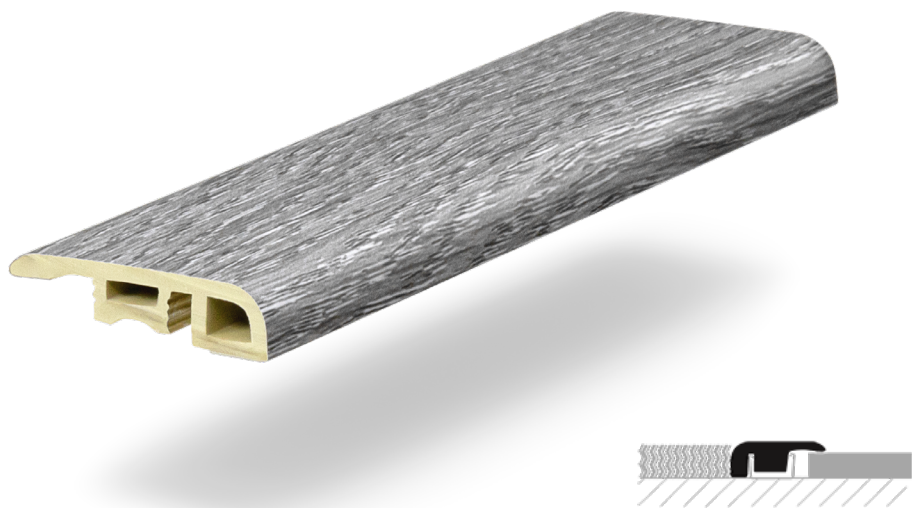

### Reducer

Reducers are used to transition from luxury vinyl flooring to floors of different height.

### Stair Nose

Stair Noses combine style and function to enhance the beauty of staircase or step.

### End Cap

End Caps are used to transition from Luxury Vinyl Plank to carpet, masonry (fireplaces),

### Low Profile

Low Profile's the perfect solution for areas where no base molding can be installed (like bathtubs).

### Slim Trim (3-in1 SLT)

This 3-in-1 molding serves the same functions as a Reducer, a Transition and an End Cap.

### T-Molding

Used to cover expansion gaps in a Sound-Tec installation and interior door thresholds.
