

Urban Surfaces Samples Packages

Samples books are available on our website free of charge and include chips of each line we carry. Just tell us about your business and your project and we'll send you everything you need to get started.

SurfaceGuard

[Learn More](#)

The future of scratch-resistant technology is here! Stronger than any vinyl floor on the market.

Sound-Tec

[Learn More](#)

Uniquely designed for multi-level housing, this floating floor is 30% faster than other systems.

GlueDown

[Learn More](#)

A preferred choice of architects and designers, and trusted for a wide range of applications.

InstaGrip

[Learn More](#)

Highly durable looselay flooring needs minimal adhesive, dramatically speeding up installation.
